The Ad Hoc Advisory Review panel will score applications based on the individual program criteria

The Council

The Michigan Council for Arts and Cultural Affairs is made up of 15 members who are appointed by the Governor. Final funding determinations are made by the Council. Council Committees review tentative funding recommendations, based on the scores and recommendations provided by the ad hoc review panels. The committees consider Council priorities and make recommendations to the full Council.

The Council reviews funding recommendations, and approves the final funding plan. They base their decisions on recommendations of the Ad Hoc Review Panel, Committee comments, equitable geographic distribution, discipline, diversity, duplication of services and availability of funds.

The Council also takes into consideration the mission, programs and services of the applicant in the context of similar organizations serving the same geographic area or client base. When more than one organization requests funding for similar activities in the same area or region, the Council may elect to fund only one organization.

Normally, funding awards are determined by Council at its annual funding meeting. All review information is confidential prior to final determination by the Council. Legislators are notified of grants awarded in their districts.

The Governor formally announces Council grant awards. Notices of awards and contracting materials or funding denials are subsequently mailed to applicants.

“Accessibility”

MCACA strives to make the arts accessible to all people and this is a priority of its funding programs. Funded organizations/schools agree to make every attempt to ensure that programs are accessible to persons with disabilities. According to state and federal law, every publicly funded organization must place itself in the position of being able to provide accommodations when persons with disabilities make requests for services. Accessibility involves both the location AND the content of the program. Thinking about accessibility issues early in the planning process of the project is key to ensuring that persons with disabilities will be able to participate in the program.

Waiver Requests

Organizations which seek a waiver of any portion of the general or the specific program guidelines, must do so in writing **by April 16, 2004**. Waivers are a highly unusual occurrence and should be fully discussed with MCACA staff. Requests for waivers will be reviewed and acted upon by the Council’s Executive and Budget Committee. This action may not be completed prior to the application deadline. Applications submitted pending action by the Executive and Budget Committee on a waiver request will be processed pending action. If the waiver is not approved, application review will be terminated.

MCACA Funding Programs

Artists in Residence for Education (AIR)

The Artists in Residence (AIR) program is intended to support working, professional artists within educational settings. The AIR program is a flexible residency program that allows non-profits, schools, and school districts to design artist residencies that address the educational needs and goals of local communities. Residencies may be planned from one month to an entire year.

Arts and Learning (A&L)

The Arts and Learning Program supports quality arts education activities, conducted by artists of high quality and ability, in schools or communities, as well as in arts education partnerships between schools and community-based organizations. In this way, the Council increases arts instruction by engaging the various community resources available in a single effort to make the arts basic to education. There are seven funding categories including: Arts and Humanities, Arts and Technology, Intergenerational Collaboration, Cultural Exchange, Professional Development, Arts Education Initiatives and Underserved.

Arts Organizational Development Program (AOD)

The Arts Organizational Development Program provides funding for professional, small to mid-sized arts producing organizations to acquire special skills to strengthen their administrative infrastructure. The program is not designed for organizations in crisis, but is a mechanism for such organizations to reach their full potential. There are two categories of grants available in this program: (A) - Strategic Planning (B) - Administrative Development. **FOR EVALUATION PURPOSE THIS PROGRAM IS CLOSED TO NEW APPLICANTS**

Big Culture Lesson

The Big Culture Lesson Program is a new initiative of the Michigan Council for Arts and Cultural Affairs. Projects funded through this program will introduce teachers and students with Michigan's diverse artistic and cultural resources, generate sustainable models and arts integrated curriculum that can be shared with schools and districts throughout the state. Collaborative partnerships between educational institutions (schools/districts) and arts or cultural organizations will develop sustainable integrated models, educational curricula and resources, conduct authentic assessment and piloting of curricula, demonstrate and document the impact of arts and cultural integration and provide web based resources to be shared statewide.

Cultural Projects Program

The Cultural Projects Program supports projects which create a greater understanding and appreciation for the importance of heritage and culture to our aesthetic, economic and social growth as well as those with broad community impact and which develop the management and business skills of cultural producing and presenting organizations. There are three components: Cultural/Heritage, Folk Arts and Science and Culture.

Capital Improvement Program

The Capital Improvements Program provides funding assistance for capital improvement projects for the expansion, renovation, construction or acquisition of cultural facilities. The program is not appropriate for the funding of project planning, such as feasibility studies, architectural drawings or operational support. Any Michigan municipality (village city, township, or county), may request funding for projects that include capital improvements of community organizations, arts and cultural facilities and publicly owned facilities; excluding stadiums used primarily for professional sporting events.

MCACA Funding Programs

Discretionary Grants

The Discretionary Grant Program provides funding to projects initiated by Council members and staff in response to sudden opportunities and the Michigan Arts Plan. Generally, funding for this program comes from funding returned from other Council programs during the year. Organizations may be invited to submit requests to implement Council initiatives. On occasion, for extraordinary reasons, Discretionary Grants may be awarded by the Council in response to proposals submitted to core programs. (Michigan Council for Arts and Cultural Affairs, 702 West Kalamazoo, P.O. Box 30705, Lansing, Michigan, 48909; (517) 241-4011).

Local Arts Agencies and Services Program (Locals)

The Local Arts Agencies and Services Program provides funding for organizations that deliver services to cultural groups and individual artists, in all disciplines, who foster the long term development of a community or region. Locals program applicants must be community-based, nonprofit, officially recognized arts councils, commissions, societies or organizations which are publicly accountable to provide financial and/or service support for arts and culture in the whole community which it serves. In addition, funding can also be provided for projects which support and compliment the work of local arts agencies services through the provision of services and technical assistance.

Regional Regranting Program (Minigrants)

MCACA's regional regranting program provides minigrants of up to \$4,000 for arts & cultural projects responding to local needs. Minigrants are administered for the Council by regional regranting agencies throughout Michigan. Please contact the regional regranter for your county for deadlines and other information.

The Rural Arts and Culture program funds arts and cultural projects in 39 targeted Michigan counties who have been identified as rural and underserved by the Council. MCACA Statewide Partnerships

Effective arts delivery, on a statewide basis, requires comprehensive expertise, experience, resources, and a highly developed communication network capable of reaching into all segments of Michigan's urban, suburban and rural communities. MCACA accomplishes this through the Partnership Program, a collaboration of diverse forms of arts and cultural information, programming, assistance and services which expand the impact and accessibility of the Council. MCACA partnerships are determined for a three year period by an application and peer review process. Partnerships are confirmed by the Council on an annual basis.
